Who can become a mentee?

In order to become a mentee, you need to have a strong desire to be employed, to make a career and to build a professional network in Denmark.

You need to be married to or living with an international professional currently working or living in Lyngby-Taarbæk.

During the programme you will

- Build up your network in Denmark
- Improve your resume
- Get advice on how to write a good application
- Practice for an eventual job interview
- Get a better understanding of Danish work culture

The City of Knowledge and partners

The City of Knowledge aims at developing Lyngby-Taarbæk into one of the leading knowledge and university cities in Europe and a centre for international workforce, culture, retail and urban living.

The mentoring programme is organised by the City of Knowledge Network for Internationalisation and is supported by the Danish Industry Foundation. Read more at vidensby.dk
